

TEMPUS ELISAA PROJECT
(E-Learning Innovation Sustainable Albanian Agriculture)

In framework of Tempus ELISAA Project, Albanian Confindustry (Konfindustria Shqiptare) and Polytechnic University of Tirana organize:

Technical Seminar: CHALLENGES OF USE RENEWABLE ENERGY FROM BIOMASS IN ALBANIA

Polytechnic University of Tirana, *October 30th 2014, Tirana – Book Hall “Silvano Betrollo”*

Tuesday, October 30th 2014

10:00 **Participants registration**

Moderator: Prof. LONDO Andonaq, *Polytechnic University of Tirana,*
Dean of Faculty of Mechanical Engineering

10:15 **Prof. KAÇANI Jorgaq**, *Rector of Polytechnic University of Tirana,*
Welcome speech

10:20 **Prof. LAGIOIA Giovanni**, *University of Bari Aldo Moro, ELISAA Project Coordinator,*
Project ELISAA: opportunities for Albanian agro-industry

10:40 **Ing. BUFI Agim**, *Director of Albanian Confindustry,*
Challenges of use renewable energy from biomass in Albanian enterprises

11:00 **Prof. Dr. DELIA Etleva**, *Agricultural University of Tirana,*
Plants production and the potential of biogas in Albania

11:20 **COFFEE BREAK**

11:45 **Mr. GJERGJ Simaku**, *Albanian Ministry for Energy and Industry,*
The legal framework of Renewable Energy sector from Biomass in Albania

12:05 **Prof. LAGALA Canio**, *EVA s.r.l. (Venosa, Italy),*
Italian bioenergy plant: the case of EVA s.r.l.

12.25 **Dr. NICKO Ilir**, *Fan S. Noli University of Korça,*
Assessing the potential of biofuels production in the region of Korça

12:45 **Prof. WAGINGER Eva**, *Wien University of Economics and Business,*
Austrian bioenergy experience

13:05 **Albanian Business Roundtable:** Examples and problems of the Albanian businesses in
using bioenergy

Moderator: Prof. LONDO Andonaq

13:30 **Prof. LONDO Andonaq:** *Final remarks*

13:40 **LUNCH**
